

How to Order SNO

ATTENTION CENTER ADMINISTRATOR:

We are pleased to announce a National Campus contract for Simplified Nutrition Online (SNO) effective October 2011.

SNO is available to all centers but participation is not mandatory at this time.

SNO Dietary management software is not just menu software or tray card software. It's both of these and much, much more. Simplified Nutrition Online (SNO) is a truly web based program which means that there is no need for special computer hardware beyond a netPC and a dedicated printer. While the program has excellent tray card capabilities, this is by no means the only reason for getting your dietary department "online" with SNO.

We suggest you review the **Current State Evaluation Tool** located as a link on the **Inquiring Minds** page of the SNO website. This important document will walk you through the workflow processes in your dietary department to give you specific information about how SNO will help you manage your daily processes.

Your dietary office *MUST* have a dedicated printer for use with the program available.

There are no upfront charges to your center and the fee will be billed monthly by National Campus. For information on monthly fees or any other questions, click on **Contact** to send a secure email outlining the information you are requesting.

If you decide SNO will be a fit for your center, simply return the completed and signed **Center Data Sheet** to pbohlen@good-sam.com. The **Center Data Sheet** can be accessed through a link on the **Inquiring Minds** page of the SNO Web site.

Once that has been sent, you will receive a welcome letter with a start date and instructions. Your future with SNO will typically begin on the first day of the next month, with training scheduled to begin soon thereafter.

Feel free to contact Center for Solutions if you would like further information about how SNO will impact your services before making a decision. On the following page is a **Center Data Sheet** which you can complete to sign on with SNO. Please return this form to the attention of Paula Bohlen.

SNO Dietary Management Software

CENTER DATA SHEET

TO SIGN-ON WITH SNO, RETURN THIS DATA SHEET TO PAULA BOHLEN.

You will be contacted with startup information.

Network _____

Center Number _____

Center Name _____

Administrator's Name _____

Administrator's Email _____

DDS Name _____

DDS Email _____

Center Address/City/State/Zip _____

Center Phone Number _____

Center Fax Number _____

Identify any current dietary software you have been using and when your contractual obligation ends;

What month/year would you like to begin training? (Can be the first day of the next month or later)
